

White varieties speak, in an honest reflection of the different environments that coexist in our large estate. They all add up to an idea of timeless and pleasant harmony.

7,653 bottles of 0.75 l were bottled.

2021 VINTAGE. After a mild winter and a very dry spring, June began with heavy rainfall, highlighting the hail storm that notably affected several areas of our vineyard. We were able to recover and the summer, with an unusual freshness and notable drought, contributed to the good development of the bunches. The September rains, very well received, fattened the grapes without harming their excellent health. The unusually long harvest offered a grape of extraordinary quality.
